## MOUNTING SYSTEMS

Our high-quality mounting systems stand for:

- *Quick and easy installation*
- *Low cost of the material packages*
- *Variable design*
- *Worldwide delivery*

## MOUNTING SYSTEMS + CONSTRUCTION

In addition to our mounting systems, we also offer a reliable complete installation of the system.

- *Skilled worker*
- *Quick assembly*
- *Good value*

## SPECIAL CONSTRUCTIONS

In addition to the normal systems, our engineers are developing new systems:

- *Agri-PV*
- *Floating-PV*
- *Food & Energy*

## ROOF SYSTEMS

One of our teams specializes in photovoltaic systems for rooftops of private and industrial customers. Naturally, we rely on our own mounting system for roof systems, which enables safe and efficient installation.

## BUSINESS DIVISION SOLPRIME POWER SYSTEMS GMBH

The company is divided into the areas of mounting systems, mounting systems with assembly, roof systems and special constructions
